One Business, Two Properties

Blondie's Kuts and Kurls has been a salon brand that has existed for some 13 years. The main salon is located at 151 Martyn Street Parramatta Park and it's sister salon is located in a community shopping centre that includes a major grocery anchor tenant.

The business was purchased by it's existing owners in 2012, on a very structured business plan of 6 years. The current owners are a very strong family orientated couple who decided on the purchase for the sole purpose to provide an opportunity for their eldest daughter to achieve her dream of becoming a Hairdresser.

The daughter has completed her apprenticeship and now very competently Manages both Salons together with a full compliment of staff who have been hand picked and mentored to ensure that the Client experience is second to none.

The demographic of the clientele has been specifically targeted at the middle market, with high quality products used to deliver professional and high standards of hairdressing at an affordable price. The staff culture within the Salons is very much a family orientated feel that is embedded in every decision made with regard to staff and operations.
