PRIVATE OFFICE SUITES FOR LEASE -

The Boarding Office offers your business the ultimate in co-shared serviced offices. Our office spaces are made up of individual rooms to lease, surrounding a large common area which has been specially designed and furnished to encourage casual, relaxed interaction amongst businesses.

Welcome to The Boarding Office, an inexpensive and contemporary office solution for your business.

The Boarding Office is designed to give you all the facilities of a large space for the price of a small one with room to grow as your business does.

We're all about providing a productive and inclusive environment for anyone looking to get their business pumping, in a more relaxed setting that values and acknowledges the Sunshine Coast lifestyle.

Our décor is functional art; handmade, hand painted, primarily vintage Surfboards and so our alter ego is as a Surf Museum.
