

ADRENALIN EVENTS - NORTH ISLAND NZ

View on
Google Maps

If you are into Motorsport this is perfect..

The offer is to take over the North Island, NZ operation and run this providing motorsport themed events with V8 Supercars, speedway, F1, and a ton of other fun cars and tracks.. especially Bathurst and the v8 Supercars. Also be able to offer the Trucking Industry a sim rental with Truck Driver Training, and even Excavator Training, to cover the quarry and mining Industry as well.

While Covid is still looming we have moved a bit from the traditional party offer for 2022 and are running a Nationwide Sales Strategy for the Truck and Excavator simulators, offering a trial session for all of the industry to have a look at the equipment in operation and get a feel for it. This will assist in providing plenty of new work for manufacturing sims and deliveries across NZ. We have a online map for using the quarry equipment so trainees can work in a team environment but in the simulation instead of real world, where a simple mistake can be very costly.

The offer includes 4 racing sims set up to do the V8 Supercars with a ton of cars/tracks, plus speedway, F1, etc etc. PLUS a truck simulator with triple screens and 18 speed shifter fitted for training, PLUS a excavator simulator to train people in the use of joysticks.

There is also 2 vans coming with the business to carry the 4 rentals plus the 2 training sims.

Please feel free to check out our YouTube channel.. <https://www.youtube.com/channel/UCpJlfscuPsOPoggix0Y2ZxQ>

This Road Trip will take 5-6 months to complete and will then pave the way for a large number of bookings for xmas parties etc.
