## Business for Sale

Reticle New Zealand are dealers for NNPO thermal scopes and thermal monoculars. NNPO is an innovative company which specialises in a range of optics including thermal imaging and thermal night vision.

At [Reticle](#) we believe that [thermal imaging](#) and [thermal optics](#) are game changers when hunting, and should be available to all tiers of the hunting community. With this in mind, we are committed to bringing to you high quality [products](#) at affordable prices. We offer a range of specifications to match all situations and are proud of our ability to match the right product to right customer.

The business includes Website, Domain Name, Email Address, Facebook Page, Supplier Arrangements and Dealership, and a store ready to accept payments and orders. No stock is included in sale. Supplier is happy to drop ship initially.

The website is <https://www.reticle.co.nz/>
