## Dropship established website business for sale

Online business with website set up to accept sales worldwide.

Established online e commerce business with website sales in Australia & America. Currently operating as part stock on hand and part dropship model.

Plus account with regular sales through Amazon. Would make a great addition to a bricks & mortar store as an additional stream of income.

Currently operating as a part stock on hand and part dropshipping business model.

Can be kept that way or changed to full dropship model.

Dropshipping is a business model, where products are advertised online, once clients purchase, their money is used to order products & items are sent directly to them.

This has been operating as a part time business.

Unlimited potential as stock requirements are targeted to families - parents, kids & pets. Selling products that are novelty, gifts, fun items etc.

If you are looking for an additional source of income for yourself or family member - this is a great opportunity.

You get;

- Website
- Stock

100% Trade : AU\$0 (Cash) | AU\$8,000 (Trade)

\$8,000
