

## Hair Salon, Beauty Clinic and Retail Shop

### PRICED TO SELL!

Located in a great position at the [Pakuranga Plaza](#), this well-established and rapidly-growing hair and beauty salon is on the market for the first time since the business was established 11 years ago.

With a fully-equipped hair salon, beauty clinic and separate retail shop, this is a great opportunity to take over and work in your own successful business. There is still room for further development in the area and the Plaza in 2021.

Included in the sale is a substantial database of repeat, loyal clients. The current owners are only selling due to a change in personal family circumstances .
